

arrAuto.cpp

```
#include <iostream>
using namespace std;

int main(){
    const size_t array_size = 5;
    int ia[array_size] = {0, 1, 2, 3, 4};
    for (auto i : ia)
        cout << ia[i] << " ";
    return 0;
}
```
